Dianna and her lap dog are all over R&E ... the hyena can't stop laughing at the most inappropriate things because it makes her lap dog happy and he wiggles in her lap appreciatively.

BLECH.

Time to turn the channel.

R&E rescue by that bunch isn't rescue. It's board death. They bring no life. R&E is nothing but an extention of what they do on CPD. CPD is dead but for them. R&E will be too, soon, because of them.

It just means that many of us won't go back very often. I choose NOT to be associated with Deanna & mongo (Ass-king), so haven't been there much. She's an irritating hyena and he's a nasty troll taking advantage of Ken's good nature by lying about who he really is.

Soon enough, GOG & jb will be over there too.
Come January, it will suck beyond belief there.
So be it. It's not like there's nowhere else to
post.

Without us there, R&E will become another rightwing, back slapping \$h!tfest at the expense of anyone different, unless they attract new members. If they're moderate, or liberal, they won't last long with the Mondo crowd harassing them.

Awee Asking is paying attention to what I've written here (waves). Aint it cute how insecure Asking is and how that person defends Deanna like she were Mother Theresa? Man, those two should be hitched at the hip, they already act like it.

There, Asking, now you have more to bitch about when it is YOU who are in the wrong with what you are knowingly, willfully doing to R&E. Hope you're happy with yourself because that's about the only person who doesn't see you for who you are.

I've noticed that Yome is really stinking the place up with far-Right Christianity, too. Letting that one have control of your board makes it a one-religion board, 'born-Againies' only. More push-back against that BS, please.

What pisses me off is that I went out of my way to try to help rebuild his forum when everything blew up some months ago because of jb, et al, by posting and inviting other posters who'd never posted there before to go post there to increase his traffic again. Some had already left it forever because of them but many returned. NOT taking credit for the board pulling through, but it sure didn't harm it any and most of us pitched in to help too. Between **all of us** putting in the effort to help Ken's board survive after the millionth jb infestation and destruction, the board DID survive and began to thrive again.

However, it got me a boatload of BS attacks by certain trolls, who are again infesting it by pretending to be someone "new" and those due to return in a matter of days. Vicious, relentless attacks and idiotic suggestions that I was trying to take it over. I was doing nothing but trying to help a friend's board back up on its feet because Ken was so damned busy with real life situations taking up all of his time.

"They say that "no good deed goes unpunished". So, I most likely won't do that again when it ultimately blows up and the rest of the decent posters take their leave as the riff raff takes over again. I won't help anyone destroy his board, but I'm unwilling to put another ounce of effort into helping it survive what's most certainly coming. Still, it makes me very sad.

Who does that other than Mondo? Nobody! He carries this material back to his nest like a worker ant with his feet full of Raid. Then as Asking it shows up on R&E, sometimes the same material, at about the same time. He gets away with it because Ken doesn't pay attention. Quality at R&E halved, and halved again.

Deanna. Eats, sleeps, LOLs and leaves excretions.

We all tried to help it. You especially, and received nothing but grief for it.

We built it up, and posted mostly on topic. Arrival and welcome of Deanna changed that. She and Mondo tag team. They are repeating the same practice that put R&E on board death's doorstep, and Ken doesn't pay attention, or

believe it when advised.

We can't discount the possibility that Ken likes the board the way it is and is FINE with mongo, Deanna, Yome, SES, et al posting the way that they do.

He's obviously going to let jb and GOG rejoin the board in a matter of days, even after YEARS of his board being flooded with their nonsense and overwhelmed by their respective obsessions.

One look at Woodbine's board shows us, once again, what a jb infestation will bring and WHY he managed to drive so many posters away. I will NOT subject myself to his BS ever again.

GOG's obsession is normally more easily ignored, but he's had months to fire up his fury

against those of us that he **WRONGLY** blames for his ouster. He can't seem to understand that **KEN** bounced him, not us and **NOT** because we hounded Ken to do so. As I said, he was easily ignored by us, so what possible reason would any of us have to bug Ken about him ?? **NONE**. However, his obviously racist rants pissed off Ken and **THAT'S** what got him bounced. If he has a brain in his head, he'll remember that and **NOT** do a repeat of it lest Ken bounce him **AGAIN** for it.

I don't have the energy, patience, or time to be concerned about it anymore, nor am I willing to put an ounce of effort into R&E when Ken so clearly doesn't need nor appreciate our help anymore. Dee Dee, mongo, yome, GOG, jb, SES, DFM, et al **WILL** turn R&E into a vast wasteland just like the White Whine board is now because the vast majority of other posters will turn away and leave, just like they did before.

In any case, it is **NOT** our problem. It's Ken's board to do what he pleases with it, even if that means allowing certain posters to turn it into a vast wasteland. That is the bottom line.

Deanna and Mondo who is not Asking are too. They're working hard to get under Merlin's skin with religious weapons, and True Grit too. D and M appear to have no reservation about speaking about and for God as if they are holy and righteous people good enough to do so. They are about as close to God as the Canary Islands are to Hawaii.

The whole bunch of them are represented in this:

Anyone notice 'Asking's' response to my presence - and a post to him - on R & E?

Would you like Posted by Asking on January 3, 2020, 3:22 pm, in reply to "What?"

for it to come from the administrator again?

I do not want to post with you.

As I suggested to him, still more evidence if any was needed that it's Mongo. He can't stand having people criticize him and has always run to Ken or whatever administrator was handy to cover his backside.

Will be interesting to see what Ken does... 😊

I noticed, absolutely. It only adds power to my belief that it is mongo. Since you haven't posted there in MONTHS, where is it coming from ??

Was "ass-king" there prior to your banishment ?? If not, then it is OBVIOUSLY someone well known to you.

He was the one I accused of being Mongo, and then when he attacked me in turn, I told him to shoot himself. I was wrong, but not about him being Mongo, I think. He's probably using that as a reason not to post to me, but I apologized (sincerely enough) for my actions.

Not going to stop posting to him unless Ken directs me to. Although I'm not planning on trolling him every 4 minutes the way jb is doing to me right now....smh

Assking of R&E does little but target individual "messengers" with intent to fan flame.

Last time it petitioned Ken to accuse me of hijacking a thread, resulting in removal of post and discussion. I don't hijack threads. Sometimes I think outside the box. My post was relevant to the thread, but not according to assking. It did it again, but I played as far as I will. Assking who is not MF will have to disrupt somebody else. I believe I replied to assking for the last time. These xtians do for their faith what they as trolls do for message boards and communities. They drive people away.

Ken will surely be pleased by the greatly increased traffic, but it's not valuable traffic IMHO.

It's never-ending jb crap; the ridiculous squabbles between particular posters that go on and on and on and on and on and on; GOG's stupid conspiracies; dumb Dee Dee's nonsense & hyena laugh; and yome's persistent proselytizing.

Booooooooooooooooooooooring.

Booooooooooooooooooring.

Dog was tormented by tick, flea, chigger, gnat, and mosquito. It wanted to be a dog, but every time it tried, one pest made its presence known. Tick who said he was not tick, chewed his way into a permanent attachment in a place dog could not scratch. Flea bit here, causing dog to immediately sit and scratch the area in a futile effort to rid himself of flea. Flea simply jumped somewhere else and waited for dog to tire from itch. Chigger bit dog's other side, and dog changed scratch of sides to where chigger bit. Mosquito buzzed around dog's ears and head, laughing out loud, looking for a spot of bare skin from which to draw blood. It found them in the corners of dog's eyes and in dog's tender inner ears. Gnat insisted it flew with angel's wings. Dog was miserable.

Dog was exhausted, trying to rid self of pests. Dog's activity slowed down, and it looked like it might be dying. Finally noticing dog was unhealthy, human acted.

Human bought a pest collar for dog. It immediately ended torment of the poor animal by tick, flea, chigger, and mosquito. Dog was happy to be pest-free. For the first time in a long time, he could nap in peace. He led a dog's life. He played with human and other dogs. He responded well to kind interactions with human, and wagged tail with joy. Dog was healthy for the first time in a long time.

Effectiveness of the collar was limited by time, and on the

first day of the new year, human removed it. Tick, flea, chigger, and mosquito all returned. Jb flea resumed torment with a vengeance, mercilessly biting dog on his right side where the scratch of paws claws could not reach. Dog sat, curled around and tried... but his efforts were in vain. Gog chigger bit dog on the other side. The poor animal wheeled around to scratch there too. Back and forth he went from one torment to the other. Tick, which dog called "M-f tick," crawled back into dog's a\$\$hole and embedded itself just inside, where human could not see. Dog chewed,. licked, and scooted on carpet to extract m-f tick. Busy human lived in denial.

When told maybe tick was back, busy human bristled, asking for proof. Claimed irritant was not m-f tick. Asking questioned any and all outside efforts to aid dog. D mosquito buzzed all around dog's head, LOL all the time in search of new places to irritate and draw blood. It repeatedly said "Fact!" and "False!" with its sharp bite. Yome gnat had no bite, but stepped up irritating proselytization buzz of fly wings, which it insisted were of angels, and never ceased. Swats of hand and paw only made it buzz more.

Human was busy with something else and didn't pay proper attention to dog. Human even welcomed back dog's tormenters, oblivious to their intent. Human didn't believe pests were all that bad, for none ever bit or irritated him. Never occurred to him, dog's incessant wheeling from one side to the other vigorously scratching, while scooting, and shaking head, flapping ears and blinking with squinty eyes wasn't normal or healthy. Human was glad to see dog acting like old dog he knew.

Moral of this story is not all increases of activity indicate a healthy dog. The sooner human replaces the collar, or dips dog, the better off both human and dog will be.

R&E is well on its way to being a trash heap again. Only this time, it will be WORSE. That's because all of the issues are back and MORE of them. Not looking forward to what it looks like there in another week.

I am happy to notice that it's not QUITE as bad as I'd expected. GOG isn't being quite so annoying. In fact, he's actually contributed some to discussions. jb must have posting restrictions ?? OR he's also a victim of the problems going on with Boardhost and top posts ?? Dee Dee hasn't been around much.

Maybe there's hope ?? I hope so, for Ken's sake anyway. He doesn't deserve the CRAP that some dish out there. I wonder if some deliberately damage his board ??

Woodbines is about 75% jb and greenman going back and forth. About one thread in five is "Devo" doing drive-by title-only (no texty in the post body) trolling. The remaining 5% or so is somewhat worthwhile.

His board was almost as dead as a board can get before jb showed up. He has complete control over what he tolerates there. Yet, he chooses to do nothing. So maybe he doesn't care ??

In any case, the board is basically unusable now. Well, unless one enjoys arguing with a troll who delights in annoying everyone ??
